Connect an HDMI enabled source to a projector, distribution amplifier, extender, or to any high performance display with this long length active HDMI cable.

**MPN: CBL-HT8181HDMI75FT  
CBL-HT8181HDMI100FT**

### KanexPro Active High Speed HDMI Cables

let you connect an HDMI source, distribution amplifier, extender or computer to an HDMI enabled display. These rated cables are available in the right lengths ideal for running through walls, between floors, and top performance is a must.

Next generation active HDMI cables are designed for next generation 4K UHD and HDR content. The KanexPro active HDMI cable delivers uncompressed full bandwidth 10.2Gbps HDMI content up to 100ft using the latest transmission technology whilst supporting additional HDMI features such as CEC and ARC. Delivering 10.2Gbps of bandwidth means that these cables are guaranteed to work with modern 4K equipment. Active HDMI Cables make sure that the signal reaches its destination and should be your only choice for all your 4K and High Speed HDMI display needs. Backed by KanexPro's 3 Year warranty, rest assured that this cable will provide years of flawless 4K performance.
