

8K HDMI 2.1 Active Optical Cable — 30M

48Gbps | 8K@60Hz | 4K@120Hz | eARC | Dynamic HDR | 3-Year Warranty

MPN: CBL-AOCHDMI8K-30M

KanexPro AOC HDMI 2.1 Cables deliver full 48Gbps HDMI 2.1 signal across runs of 30, 60, or 90 meters — far beyond passive cable limits. Built on OM3 fiber + copper hybrid construction, these plug-and-play cables carry 8K@60Hz, 4K@120Hz, Dynamic HDR, and eARC with zero signal loss, drawing power directly from the HDMI source — no wall adapters or repeaters required.

Supporting eARC for AV receiver integration, HDCP 2.2, full EDID management, and backward compatibility with HDMI 2.0 and 1.4, the CBL-AOCHDMI8K series is built for professional AV environments where EMI immunity and signal integrity are non-negotiable. Backed by KanexPro's 3-year warranty.
