4K60Hz HDMI Cascading Extender Receiver over Cat6 — 70M

Add-on RX for EXT-HDMICAS70M | 4K@60Hz | Per-Display EDID | 3-Year Warranty

MPN: EXT-HDMICAS70MRX

The KanexPro EXT-HDMICAS70MRX is the add-on receiver unit for the EXT-HDMICAS70M cascading HDMI extender system. Each unit adds one additional display location to an existing cascading installation — up to 9 additional receivers per TX, for a total of 10 display endpoints from a single source.

Each EXT-HDMICAS70MRX independently manages the connected display's resolution and EDID, auto-adapting for mixed-resolution environments. Bi-directional IR control and ARC S/PDIF audio de-embed are included on every unit. Requires EXT-HDMICAS70M transmitter kit. Backed by KanexPro's 3-year warranty.

Add-on RX	4K@60Hz	70M Cat6	IR Bi-dir	3-Year
EXT-HDMICAS70M	Auto EDID	Single Cable	ARC S/PDIF	Warranty
